ABOUT

Founded in 2016 by Thibaut Saguet, NV GALLERY reinvents the codes of design by infusing its collections with eclectic influences drawn from the worlds of lifestyle and fashion. More than a furniture brand, NV GALLERY embodies a true art of living, where design, creativity and expertise combine to sublimate every interior.

Available in France and several other European countries (Germany, Benelux, Austria, Switzerland, Italy, Spain), the brand is enjoying growing success thanks to a diverse customer base, including both private individuals and professionals. The latter, attracted by the brand's distinctive approach and exacting design standards, play a key role in strengthening NV GALLERY's reputation in the market.

The company's success is based on a varied customer base, comprising both private and professional customers, the latter accounting for almost 40% of its business. They have been won over by NV GALLERY's unique approach and high standards of design, and have helped to strengthen the company's reputation in the market.

NV GALLERY favors timeless designs, manufactured in controlled quantities to avoid overproduction. To offer its customers an immersive experience, the brand has a boutique in Paris and is preparing to inaugurate a second space in Lyon during 2025, thus affirming its roots in the world of contemporary design.

**“OUR MISSION IS TO
INSPIRE OUR CUSTOMERS
THROUGH EACH OF OUR
COLLECTIONS.”**

THE INSPIRATIONS & THE CREATIONS

THE INSPIRATIONS

At NV GALLERY, we love designing pieces that reflect who we are.

With creativity as our guiding principle, the brand's designs break free from established conventions. We draw inspiration from everywhere: our personal passions, our deep appreciation for interior architecture, the history of places, fashion, music, photography, and all forms of art that help us push the boundaries of our designs.

To us, an interior should boldly reflect the individuality of each person. That's why the DNA of NV GALLERY is as diverse and ever-changing as the people we design for.

This evolution is mirrored in our collections each year. Our mission is to inspire our customers through every collection by offering them a curated selection of interior designs that resonate with their personal style.

THE CREATIONS

At NV GALLERY, we design all our products in-house. From sketches to detailed plans, our teams handle everything. Designers, developers, and creatives work hand in hand to bring you the best in trends and materials, with an unwavering attention to detail: you have high standards, and so do we.

Our pieces are always designed to combine aesthetics and functionality, meeting your desires and needs. Thanks to NV GALLERY's unique creation and manufacturing process, we ensure that every piece is original and aligns with our values, without ever compromising on quality or price.

We carefully select our manufacturers to guarantee high-quality products built to last. We prioritize durability by committing to the responsible use of materials and producing our designs in measured quantities.

OUR COMMITMENTS

THE VALUES

We strive to develop a conscious and careful production process to avoid overproduction and waste. To achieve this, our collections are produced in limited and thoughtfully planned quantities, and we work directly with our manufacturers without intermediaries.

Every day, we work to improve and incorporate sustainable elements into our company culture. We are committed to increasingly responsible production. Our goal is to create a more virtuous product lifecycle by focusing on durability and quality while promoting second life opportunities.

Finally, people are at the heart of our model. We are a human-scale company that prioritizes personalized treatment for each customer.

«AT NV GALLERY, WE HAVE BEEN COMMITTED SINCE DAY ONE TO DOING OUR BEST EVERY DAY TO RESPECT THE PLANET AND THE WORLD AROUND US.»

A MORE RESPONSIBLE PRODUCTION

More responsibility in the use of raw materials. We ensure that all our partners are trustworthy. To this end, we conduct an audit of our suppliers every year and work only with partners who meet these requirements.

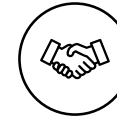

HIGH-QUALITY AND DURABLE PIECES

We create furniture designed to last. Having no intermediaries also means we have the freedom to design pieces that align with our values without having to meet external partners' requirements. This allows us to combine durability and product quality.

100% VEGAN

Since our beginnings, we have followed a VEGAN sourcing approach. We do not use leather, wool, real fur, feathers, down, or any other animal-derived materials. NV GALLERY is PETA-Approved Vegan certified, ensuring 100% vegan production.

BETTER TOGETHER

People are at the heart of our model. We place great importance on putting our customers at the center of everything we do – from product design to the overall NV GALLERY experience. Our customer service team is here to support you with all your interior design projects.

The Handwritten franchise concept is all
about crafting a unique universe inspired
by the personality and imagination of the

of the land—highlighting vineyards and
Alsatian traditions!

To enhance the hotel's elegant restaurant, carefully selected NV GALLERY pieces were chosen, including our RAY chairs and BARON bar stools. These pieces elevate the space, adding a touch of character and refinement, perfectly complementing the authentic and sophisticated atmosphere of the venue.
